

## ARE YOU LOOKING TO...

- **REDUCE YOUR COSTS?**
- **IMPROVE EFFICIENCY?**
- **REDUCE VEHICLE TURN-ROUND TIMES?**
- **ADD VALUE TO YOUR LOGISTICS OPERATION?**
- **REDUCE BOTTLE NECKS?**

Whether you are looking for new equipment, hire for busy periods or to keep your existing conveyors running efficiently.

## NEWLAND ARE HERE TO HELP...

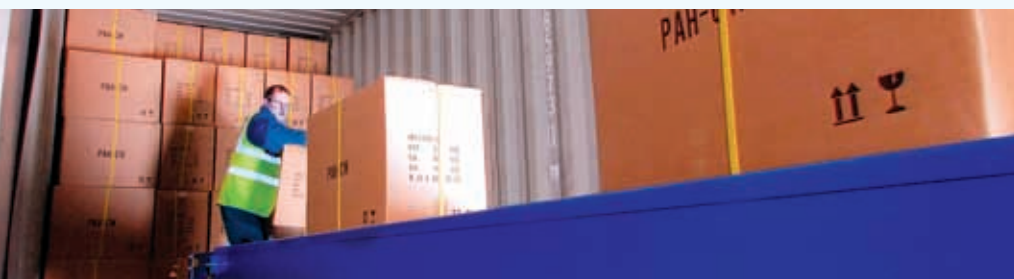

With over 45 years' experience in the manufacture of Telescopic Vehicle Loading/Unloading Conveyors Newland can offer...

- **New Machines** - all now come with a full 2 year parts and labour warranty. In addition to our standard range, Newland are able to offer bespoke solutions to your materials handling needs.
- **Lease Purchase** - Newland are now pleased to offer finance facilities to help customers spread the cost of their purchase of new or refurbished conveyors. With low interest rates available this is proving a very attractive option.
- **Hire** - Many models are available for short or long term hire. An ideal opportunity to evaluate a machine at your site before committing to purchase. If a decision to buy is made within the first month, hire charges paid are deducted from the purchase price.

### \*LOW COST OPTION\*

#### FULLY REFURBISHED UNITS

offer a low-cost alternative to new conveyors. Newland currently have a stock of machines ready for full factory refurbishment, all of which come with a 1 year parts and labour warranty. The MTC4X offers a telescopic extension of 15.25m and can be mounted on a variety of chassis to suit your needs.

- **Operator/  
Maintenance Training**

Ensure Health and Safety obligations are met through operator training from the manufacturer. Newland's experienced engineers can deliver operator training at the customer's site or at our factory in Hyde, Cheshire. Certificates are issued on completion of the course. Maintenance Training is delivered at Newland's factory where conveyors are available at varying stages of the manufacturing process for a detailed training programme.

- **Spares & Service** - If replacing your existing conveyor is out of the question at present, why not keep it operating at maximum performance with a service by our experienced engineers.

Whether you require a one-off visit or regular preventative maintenance our Service Department is here to help. As with any piece of machinery, regular maintenance ensures that breakdowns are eliminated or kept to an absolute minimum.
